

Kappaladi is a small piece of paradise in the north/west of Sri Lanka. Kappaladi offers perfect conditions for kite surfing. On one side the Indian Ocean and a white paradise sand beach, on the other side "shallow" lagoons for perfect beginner kite lessons.

This is what also makes the destination so enjoyable for everyone... if your friends or other half are not kiting; they can still enjoy the place and have a great time with out having to wait for you on a windy beach with flying sand.

The place offers you many different activities such as diving, excursions to different Kite spots, windsurfing, fishing, Dolphin watching (seasonal) and so much more. Come and fall in love with this magic place!

Kite Kuda:

A bungalow-resort located right on the beach. 4 Bungalows await the guests in a tropical garden with terrace and BBQ area. All cottages have a bathroom with toilet and shower.
